SUMMARY

UI/UX Designer skilled in crafting intuitive, user-centered digital experiences for web and mobile platforms. Proficient in Figma, HTML, and CSS, with strong expertise in wireframing, prototyping, and usability testing. Adept at responsive and mobile-first design, interaction design, and design thinking. A quick learner and collaborative problem-solver, passionate about creating accessible, pixel-perfect interfaces that enhance user satisfaction and business value.

EXPERIENCE

· UI/UX Design Intern

Aug. 2024 - Sept. 2024

iCloudRix Technologies

- Designed an **educational platform** using Figma, featuring reusable components, a cohesive color and font system, and pages such as the homepage, Learn page with top courses, and a course detail page with embedded videos and a chapter sidebar.
- Created an interactive **landing page** for the New Balance shoe with a unique glass-like background, smooth animations, and dynamic hover effects for enhanced user engagement.

DESIGN PROJECTS

· Educational Platform | [Link](#)

- Developed a comprehensive educational platform with reusable components and a consistent design system using cohesive color and font styles across all pages.
- Designed key pages including a homepage with sections for subscriptions, user reviews, and collaborations with universities and companies, and a Learn page showcasing top courses, educators, and free learning resources.
- Created an interactive course detail page with embedded video content and a sidebar for course chapters, enhancing the user experience for seamless learning.

· SplitX - An Expense Splitting App | [Link](#)

- Designed the app's homepage with summaries of unsettled and settled expenses, and created groups and friends pages for tracking shared expenses.
- Built a profile page with user details, settings, dark mode.
- Followed a Material Design approach, utilizing reusable components to ensure a clean, consistent, and user-friendly experience.

· Coinflip - A Crypto App | [Link](#)

- Designed the app's homepage with a graph displaying the trends of the user's portfolio.
- Also displaying the list of currencies marked as favourites, and top currencies according to the market.
- Utilised Components and consistent theme and colors throughout the design.

EDUCATION

· Bachelor of Technology in Computer Science and Engineering

2020-24

SRM Institute of Science and Technology

CGPA: 8.14

CERTIFICATES

· UI Designing Workshop

- Attended a UI designing workshop, gaining insights into modern design principles and best practices for creating user-friendly interfaces.
- Enhanced skills in tools and techniques used for effective UI design, focusing on improving user experience and visual appeal.
